GENERAL INSTRUCTIONS FOR PREPARATION OF BALANCE SHEET

1. An asset shall be classified as current when it satisfies any of the following criteria:
 - (a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
 - (b) it is held primarily for the purpose of being traded;
 - (c) it is expected to be realized within twelve months after the reporting date; or
 - (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

2. An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Where the normal operating cycle cannot be identified, it is assumed to have a duration of 12 months.
3. A liability shall be classified as current when it satisfies any of the following criteria:
 - (a) it is expected to be settled in the company's normal operating cycle;
 - (b) it is held primarily for the purpose of being traded;
 - (c) it is due to be settled within twelve months after the reporting date; or
 - (d) the Non-Corporate entity does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current.

4. A receivable shall be classified as a 'trade receivable' if it is in respect of the amount due on account of goods sold or services rendered in the normal course of business.
5. A payable shall be classified as a 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business.
