

# AGGREGATION OF INCOME, SET-OFF AND CARRY FORWARD OF LOSSES

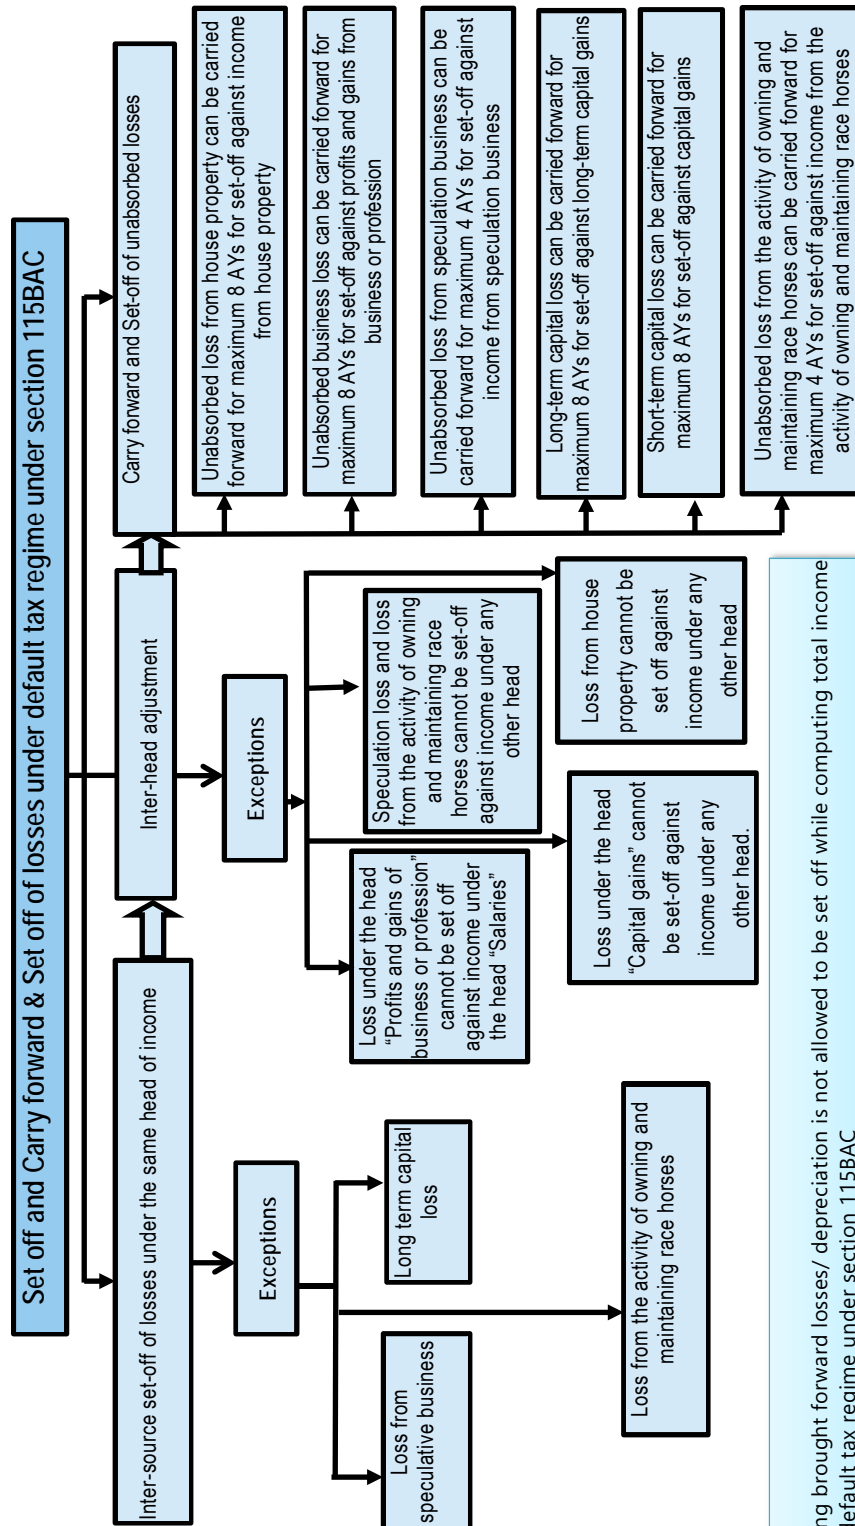

## LEARNING OUTCOMES

After studying this chapter, you would be able to –

- ♦ **identify** the permissible inter-source and inter-head adjustments;
- ♦ **identify** the restrictions to inter-source and inter-head set-off of losses;
- ♦ **comprehend** the conditions to be satisfied for carry forward and set-off of losses under different heads;
- ♦ **state** the maximum period for which different losses can be carried forward;
- ♦ **comprehend** and arrange the order of set-off of losses;
- ♦ **apply** the above provisions to arrive at the total income of an assessee.

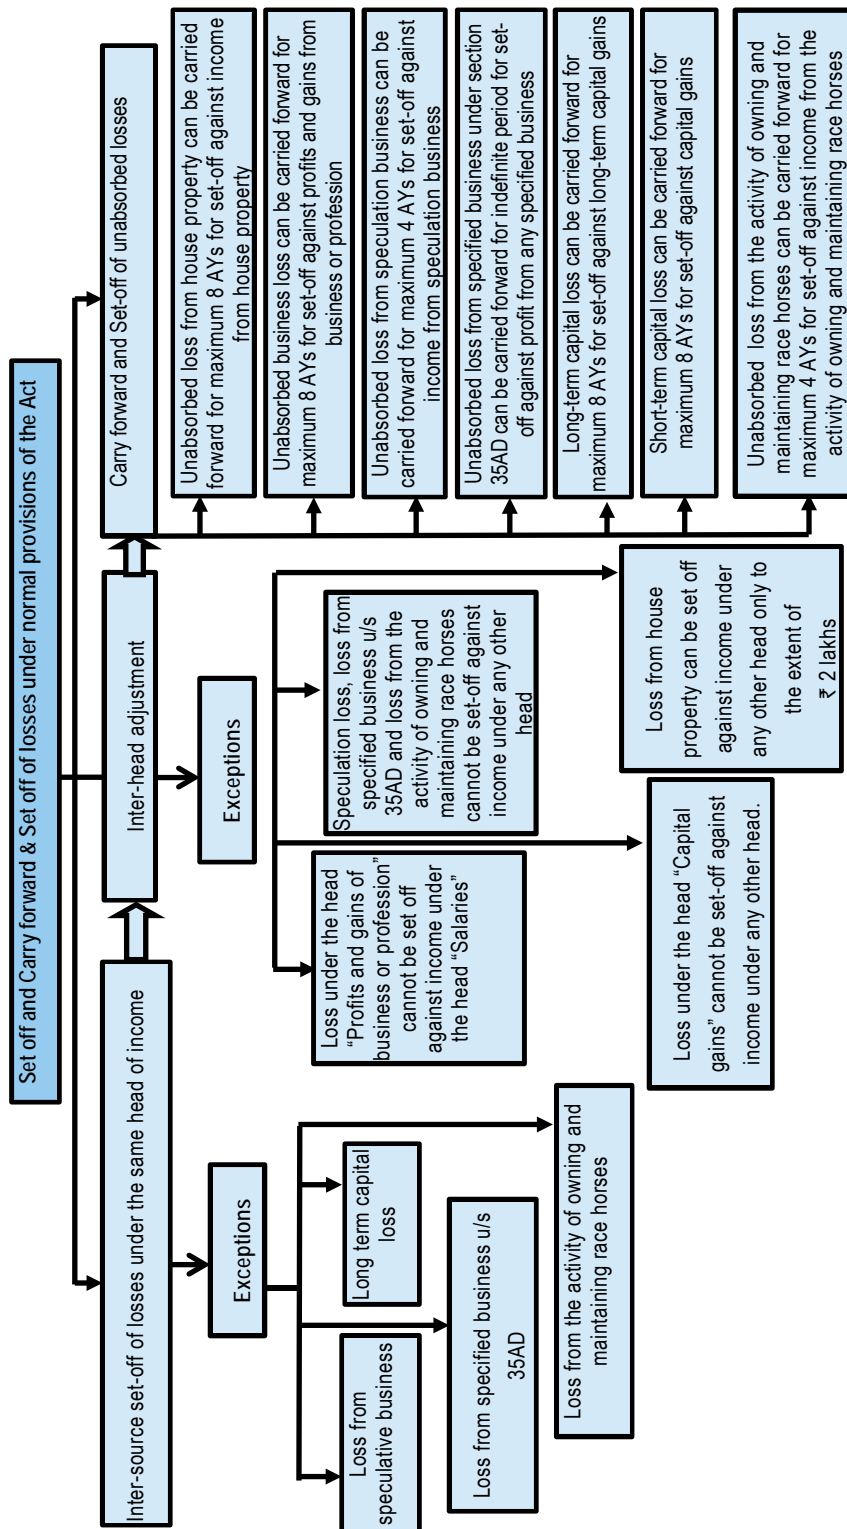

## CHAPTER OVERVIEW

### Note -

Following brought forward losses/ depreciation is not allowed to be set off while computing total income under default tax regime under section 115BAC

1. Brought forward loss from self-occupied house property
2. Brought forward business loss of specified business u/s 35AD
3. Brought forward business loss on account of deduction u/s 35(1)(ii)/(iii) or u/s 35(2AA)
4. Unabsorbed depreciation attributable to additional depreciation u/s 32(1)(ia).

## 1. AGGREGATION OF INCOME

In certain cases, some amounts are deemed as income in the hands of the assessee though they are actually not in the nature of income. These cases are contained in sections 68, 69, 69A, 69B, 69C and 69D. These are discussed in detail in Chapter 1. The Assessing Officer may require the assessee to furnish explanation in such cases. If the assessee does not offer any explanation or the explanation offered by the assessee is not satisfactory, the amounts referred to in these sections would be deemed to be the income of the assessee. Such amounts have to be aggregated with the assessee's income.

## 2. CONCEPT OF SET-OFF AND CARRY FORWARD OF LOSSES

Specific provisions have been made in the Income-tax Act, 1961 for the set-off and carry forward of losses. In simple words, "Set-off" means adjustment of losses against the profits from another source/head of income in the same assessment year. If losses cannot be set-off in the same year due to inadequacy of eligible profits, then such losses are carried forward to the next assessment year for adjustment against the eligible profits of that year. The maximum period for which different losses can be carried forward for set-off has been provided in the Act.

## 3. INTER SOURCE ADJUSTMENT [SECTION 70]

- (i) **Inter-source set-off of losses:** Under this section, the losses incurred by the assessee in respect of one source shall be set-off against income from any other source under the same head of income, since the income under each head is to be computed by grouping together the net result of the activities of all the sources covered by that head. In simpler terms, loss from one source of income can be adjusted against income from another source, both the sources being under the same head.

**Example :** Loss from one house property can be set off against the income from another house property.

**Example :** *Loss from one business, say textiles, can be set off against income from any other business, say printing, in the same year as both these sources of income fall under one head of income. Therefore, the loss in one business may be set-off against the profits from another business in the same year.*

(ii) **Impermissible inter-source set-off:** Inter-source set-off, however, is not permissible in the following cases -

**(a) Long-term capital loss [Section 70(3)]**

Short-term capital loss is allowed to be set off against both short-term capital gain and long-term capital gain. However, long-term capital loss can be set-off only against long-term capital gain and not against short-term capital gain.

**(b) Speculation loss [Section 73(1)]**

A loss in speculation business can be set-off only against the profits of any other speculation business and not against any other business or professional income.

However, losses from other business can be adjusted against profits from speculation business.

**(c) Loss from the activity of owning and maintaining race horses [Section 74A(3)]**

Such loss can be set-off only against income from the activity of owning and maintaining race horses.

**(d) Losses from Specified business [Section 73A(1)]**

*In case of an assessee exercising the option of shifting out of the default tax regime provided under section 115BAC(1A), loss in any specified business referred in section 35AD can be set-off only against any other specified business.*

*However, losses from other business can be set-off against profits from specified business.*

**Loss from an exempt source** cannot be set-off against income from a taxable source of income.

## 4. INTER HEAD ADJUSTMENT [SECTION 71]

Loss under one head of income can be adjusted or set off against income under another head. However, the following points should be considered:

- (i) **Loss under any head other than capital gains:** Where the net result of the computation under any head of income (other than "Capital Gains") is a loss, the assessee can set-off such loss against his income assessable for that assessment year under any other head, including "Capital Gains".
- (ii) **Loss under the head "Profits and gains from business or profession":** Where the net result of the computation under the head "Profits and gains of business or profession" is a loss, such loss cannot be set off against income under the head "Salaries". It shall be allowed to set off from income under any other head except "Salaries".
- (iii) **Loss under the head "Capital Gains":** Where the net result of computation under the head 'Capital Gains' is a loss, whether short term or long term, such capital loss cannot be set-off against income under any other head.
- (iv) **Loss under the head "Income from house property":** *The loss under the head "Income from house property" would not be allowable to be set-off against income under the other head if the assessee pays tax at concessional rate u/s 115BAC.*

*However, if the assessee exercises the option of shifting out of the default tax regime provided under section 115BAC(1A) and there is a loss under the head "Income from house property" and the assessee has income assessable under any other head of income, the maximum loss from house property which can be set-off against income from any other head is ₹2 lakhs. In other words, in such case, the amount of such loss exceeding ₹2 lakhs would not be allowable to be set-off against income under the other head.*

- (v) **Speculation loss and loss from the activity of owning and maintaining race horses** cannot be set off against income under any other head.
- (vi) **Losses from Specified business u/s 35AD:** *In case of an assessee exercising the option of shifting out of the default tax regime provided under section 115BAC(1A), loss from specified business referred to in section 35AD can be set off only against income from any other specified business. Such loss cannot be set off against income under any other head.*

If the income from a source is exempt from tax, loss from that exempt source cannot be set off against taxable income from a different source or taxable income under a different head.

## 5. CARRY FORWARD & SET-OFF OF LOSS FROM HOUSE PROPERTY [SECTION 71B]

### (i) Set-off and Carry Forward & Set-off of losses

(a) **If the assessee exercises the option of shifting out of the default tax regime provided under section 115BAC(1A):** In any assessment year, if there is a loss under the head "Income from house property", such loss will first be set-off against income from any other head to the extent of ₹ 2,00,000 during the same year. The unabsorbed loss will be carried forward to the following assessment year to be set-off against income under the head "Income from house property".

(b) **If the assessee pays tax at concessional rate u/s 115BAC:** The loss under the head "Income from house property" would not be allowable to be set-off against income under any other head. The unabsorbed loss will be carried forward to the following assessment year to be set-off against income under the head "Income from house property".

(ii) **Maximum period for carry forward & set-off of losses:** The loss under the head "Income from house property" is allowed to be carried forward upto 8 assessment years immediately succeeding the assessment year in which the loss was first computed.

Once a particular loss is carried forward, it can be set off only against the income from the same head in the forthcoming assessment years.

## 6. CARRY FORWARD AND SET-OFF OF BUSINESS LOSSES [SECTIONS 72]

Under the Act, the assessee has the right to carry forward the loss from business and profession in cases where such loss cannot be set-off due to the absence or inadequacy of income under any other head in the same year. The loss so carried forward can be set-off against the profits of subsequent previous years.

Section 72 covers the carry forward and set-off of losses arising from a business or profession.

### Conditions

The assessee's right to carry forward business losses under this section is, however, subject to the following conditions:

- (i) The loss should have been incurred in business, profession or vocation.
- (ii) The loss should not be in the nature of a loss in the business of speculation.
- (iii) **Loss from one business can be carried forward & set-off against the income from any other business:** The loss may be carried forward and set-off against the income from business or profession though not necessarily against the profits and gains of the same business or profession in which the loss was incurred.

However, a loss carried forward cannot, under any circumstances, be set-off against the income from any head other than "Profits and gains of business or profession".

- (iv) **Person who incurred the loss alone is entitled to carry forward & set-off the loss:** The loss can be carried forward and set off only against the profits of the assessee who incurred the loss. That is, only the person who has incurred the loss is entitled to carry forward & set off the same. Consequently, the successor of a business cannot carry forward & set off the losses of his predecessor except in the case of succession by inheritance.
- (v) **Maximum period for carry forward & set-off of losses:** A business loss can be carried forward for a maximum period of 8 assessment years immediately succeeding the assessment year in which the loss was incurred.

## ILLUSTRATION 2

Mr. B, a resident individual, furnishes the following particulars for the P.Y.2023-24:

| Particulars                             | ₹        |
|---|----------|
| Income from salary (computed)           | 45,000   |
| Income from house property              | (24,000) |
| Income from non-speculative business    | (22,000) |
| Income from speculative business        | (4,000)  |
| Short-term capital losses               | (25,000) |
| Long-term capital gains taxable u/s 112 | 19,000   |

What is the total income chargeable to tax for the A.Y.2024-25, assuming that he pays tax under section 115BAC?

## SOLUTION

### Total income of Mr. B for the A.Y. 2024-25

| Particulars   | Amount<br>(₹) | Amount<br>(₹) |
|---|---------------|---------------|
| Income from salaries  |               | 45,000        |
| <b>Income from house property</b>   |               |               |
| Loss from house property to be carried forward <b>[Note (i)]</b>  | (24,000)      |               |
| <b>Profits and gains of business and profession</b>   |               |               |
| Business loss to be carried forward <b>[Note (ii)]</b>  | (22,000)      |               |
| Speculative loss to be carried forward <b>[Note (iii)]</b>  | (4,000)       |               |
| <b>Capital Gains</b>  |               |               |
| Long term capital gain taxable u/s 112  | 19,000        |               |
| Short term capital loss ₹ 25,000 set off against long-term capital gains to the extent of ₹ 19,000 <b>[Note (iv)]</b> | (19,000)      |               |
|   | Nil           |               |
| Balance short term capital loss of ₹ 6,000 to be carried forward <b>[Note (iv)]</b>                                   |               |               |
| <b>Taxable income</b>   |               | <b>45,000</b> |

**Notes:**

- (i) Since Mr. B is paying tax under the default tax regime u/s 115BAC, loss from house property cannot be set off against income under any other head. Hence, such loss has to be carried forward to the next year for set-off against income from house property, if any.
- (ii) Business loss cannot be set-off against salary income. Therefore, loss of ₹ 22,000 from the non-speculative business cannot be set off against the income from salaries. Hence, such loss has to be carried forward to the next year for set-off against business profits, if any.
- (iii) Loss of ₹ 4,000 from the speculative business can be set off only against the income from the speculative business. Hence, such loss has to be carried forward.
- (iv) Short term capital loss can be set off against both short term capital gain and long-term capital gain. Therefore, short term capital loss of ₹ 25,000 can be set-off against long-term capital gains to the extent of ₹ 19,000. The balance short term capital loss of ₹ 6,000 cannot be set-off against any other income and has to be carried forward to the next year for set-off against capital gains, if any.

## 7. LOSSES IN SPECULATION BUSINESS [SECTION 73]

The meaning of the expression 'speculative transaction' as defined in section 43(5) and the treatment of income from speculation business has already been discussed under the head "Profits and gains of business or profession".

- (i) **Set-off and carry forward & set-off of loss from speculation business:**  
Since speculation is deemed to be a business distinct and separate from any other business carried on by the assessee, the losses incurred in speculation business can neither be set off in the same year against any other non-speculation income nor be carried forward and set off against other income in the subsequent years.

Therefore, if the losses sustained by an assessee in a speculation business cannot be set-off in the same year against any other speculation profit, they can be carried forward to subsequent years and set-off only against income from any speculation business carried on by the assessee. Loss from the

activity of trading in derivatives, however, is not to be treated as speculative loss.

- (ii) **Maximum period for carry forward & set-off of losses:** The loss in speculation business can be carried forward only for a **maximum period of 4 years** from the end of the relevant assessment year in respect of which the loss was computed.
- (iii) **When a business of a company deemed to be carrying on a speculation business:** The *Explanation* to this section provides that where any part of the business of a company consists in the purchase and sale of the shares of other companies, such company shall be deemed to be carrying on speculation business to the extent to which the business consists of the purchase and sale of such shares.

However, this deeming provision does **not** apply to the following companies –

- (1) A company whose gross total income consists of mainly income chargeable under the heads "Interest on securities", "Income from house property", "Capital gains" and "Income from other sources";
- (2) A company, the principal business of which is –
  - (i) the business of trading in shares; or
  - (ii) the business of banking; or
  - (iii) the granting of loans and advances.

Thus, these companies would be exempted from the operation of this *Explanation*. Accordingly, if these companies carry on the business of purchase and sale of shares of other companies, they would not be deemed to be carrying on speculation business.

## 8. CARRY FORWARD & SET OFF OF LOSSES OF SPECIFIED BUSINESSES [SECTION 73A]

- (i) **Set-off and Carry forward & set-off of losses of specified business:** An assessee exercising the option of shifting out of the default tax regime provided under section 115BAC(1A) and carrying on specified business, can claim deduction u/s 35AD in respect of capital expenditure (other than land,

goodwill and financial instruments) incurred in respect of such business, subject to fulfillment of specified conditions. Any loss computed in respect of the specified business referred to in section 35AD can, however, be set off only against profits and gains, if any, of any other specified business. The unabsorbed loss, if any, will be carried forward for set off against profits and gains of any specified business in the following assessment year and so on.

- (ii) **Loss can be set-off indefinitely:** There is no time limit specified for carry forward and set-off and therefore, such loss can be carried forward indefinitely for set-off against income from specified business.

*Under the optional tax regime, the loss of an assessee claiming deduction under section 35AD in respect of a specified business can be set-off against the profit of another specified business under section 73A, irrespective of whether the latter is eligible for deduction under section 35AD. An assessee can, therefore, set-off the losses of a hospital or hotel which begins to operate after 1<sup>st</sup> April, 2010 and which is eligible for deduction under section 35AD, against the profits of the existing business of operating a hospital (with atleast 100 beds for patients) or a hotel (of two-star or above category), even if the latter is not eligible for deduction under section 35AD.*

## 9. LOSSES UNDER THE HEAD 'CAPITAL GAINS' [SECTION 74]

**Carry forward & set-off of losses:** Section 74 provides that where, for any assessment year, the net result under the head 'Capital gains' is short term capital loss or long term capital loss, the loss shall be carried forward to the following assessment year to be set off in the following manner:

- (i) **Short-term capital loss:** Where the loss so carried forward is a short-term capital loss, it shall be set off against any capital gains, short term or long term, arising in that year.
- (ii) **Long-term capital loss:** Where the loss so carried forward is a long-term capital loss, it shall be set off only against long term capital gain arising in that year.
- (iii) **Loss under head capital gains:** Net loss under the head capital gains cannot be set off against income under any other head.

- (iv) **Maximum period for carry forward & set-off of loss:** Any unabsorbed loss shall be carried forward to the following assessment year up to a maximum of 8 assessment years immediately succeeding the assessment year for which the loss was first computed.

*Long-term capital gain exceeding ₹ 1,00,000 arising on sale of equity shares or units of equity oriented fund or unit of business trust on which STT is paid*

- *in respect of equity shares, both at the time of acquisition and sale and*
  - *in respect of units of equity oriented fund or unit of business trust, at the time of sale*
- is taxable under section 112A@10%. Long-term capital loss on sale of such shares/units can, therefore, be set-off and carried forward for set-off against long-term capital gains by virtue of section 70(3) and section 74.*

- (ii) **Maximum period for carry forward & set-off of losses:** Such loss can be carried forward for a maximum period of 4 assessment years for being set-off against the income from the activity of owning and maintaining race horses in the subsequent years.

#### Notes:

- (1) Dividend from Indian companies is taxable at normal rates of tax in the hands of resident shareholders.
- (2) 60% of the income from tea business is treated as agricultural income and therefore, exempt from tax;
- (3) Long-term capital loss can be set-off only against long-term capital gains. Therefore, long-term capital loss of ₹ 90,000 brought forward from A.Y.2023-24 cannot be set-off in the A.Y.2024-25, since there is no long-term capital gains in that year. It has to be carried forward for set-off against long-term capital gains, if any, during A.Y.2025-26.

| Loss from activity of owning and maintaining of race horse pertaining to A.Y.2021-22 | 10,000 |

**Notes:-**

- (1) As per section 72(3), business loss can be carried forward for a maximum of eight assessment years immediately succeeding the assessment year for which the loss was first computed. Since the eight year period for carry forward of business loss of A.Y. 2016-17 expired in the A.Y. 2024-25, the balance unabsorbed business loss of ₹ 10,000 cannot be carried forward to A.Y. 2025-26.
- (2) As per section 74A(3), the loss incurred on maintenance of race horses cannot be set-off against income from any source other than the activity of owning and maintaining race horses. Such loss can be carried forward for a maximum period of 4 assessment years.
- (3) Long-term capital loss on sale of unlisted shares can be set-off against long-term capital gain on sale of land. The balance loss of ₹ 70,000 cannot be set-off against short term capital gain or against any other head of income. The same has to be carried forward for set-off against long-term capital gain of the subsequent assessment year. Such long-term capital loss can be carried forward for a maximum of eight assessment years.
- (4) Loss from speculation business cannot be set-off against any income other than profit and gains of another speculation business. Such loss can, however, be carried forward for a maximum of four years as per section 73(4) to be set-off against income from speculation business.

**4. Computation of total income and tax liability of  
Mr. A for the A.Y. 2024-25**

| Particulars   | ₹         |
|---|-----------|
| Income from retail trade – as per books <b>(See Note 1 below)</b>       | 7,50,000  |
| Income from plying of vehicles – as per books <b>(See Note 2 below)</b> | 3,20,000  |
|   | 10,70,000 |

|   |                 |
|---|-----------------|
| Less : Set off of b/f depreciation relating to A.Y. 2022-23 | 1,00,000        |
| <b>Total income</b>   | <b>9,70,000</b> |
| Tax liability   | 1,06,500        |
| Add: Health and Education cess@4%                           | 4,260           |
| <b>Total tax liability</b>                                  | <b>1,10,760</b> |

**Note:**

1. **Income from retail trade:** Presumptive business income under section 44AD is ₹ 8,41,340 i.e., 8% of ₹ 13,57,000, being 10% of the turnover received in cash and 6% of ₹ 1,22,13,000, being the amount of sales turnover received through A/c payee cheque. However, the income computed as per books is ₹ 7,50,000 which is to be further reduced by the amount of unabsorbed depreciation of ₹ 1,00,000. Since the income computed as per books is lower than the income deemed under section 44AD, the assessee can adopt the income as per books.

However, if he does not declare profits as per presumptive taxation under section 44AD, he has to get his books of accounts audited under section 44AB, since his turnover exceeds ₹ 1 crore (the enhanced limit of ₹ 10 crore would not be available, since more than 5% of the turnover is received in cash). Also, his case would be falling under section 44AD(4) and hence, tax audit is mandatory. It may further be noted that he cannot declare income under presumptive provisions under section 44AD for next five assessment years, if he does not declared profits as per presumptive provisions under section 44AD this year.

2. **Income from plying of light goods vehicles:** Income calculated under section 44AE(1) would be ₹ 7,500 x 12 x 5 which is equal to ₹ 4,50,000. However, the income from plying of vehicles as per books is ₹ 3,20,000, which is lower than the presumptive income of ₹ 4,50,000 calculated as per section 44AE(1). Hence, the assessee can adopt the income as per books i.e. ₹ 3,20,000, provided he maintains books of account as per section 44AA and gets his accounts audited and furnishes an audit report as required under section 44AB.

It is to be further noted that in both the above cases, if income is declared under presumptive provisions, all deductions under sections 30 to 38, including depreciation would have been deemed to have been given full effect to and no further deduction under those sections would be allowable.

If income is declared as per presumptive provisions, his total income would be as under:

| Particulars   | ₹                |
|---|------------------|
| Income from retail trade under section 44AD [₹ 13,57,000@ 8% plus ₹ 1,22,13,000 @6%]                              | 8,41,340         |
| Income from plying of light goods vehicles under section 44AE [₹ 7,500 x 12 x 5]                                  | 4,50,000         |
